

Flood Insurance GOT YOU FRUSTRATED?

Our flood insurance experts are available to any home and business owner facing significant increases in the cost of flood insurance as a result of changes in the local flood zones, which are currently being reviewed by FEMA.

Many property owners are confused, frustrated, and still have questions about their available options as they face the re-certification of the Willimansett section of the city to a higher risk flood zone.

Even if you are not a First American Insurance Agency customer, you are invited to call upon one of our staff people to assist you. They'll take the time to help you understand your options, discuss your necessary limits, coverages and deductible options.

The important thing to remember is to **act before the FEMA rezoning process is completed** in order to protect yourself from higher costs.

Chicopee is our hometown, and we are happy to extend this **complimentary service** to all of our neighbors.

Flood Insurance Experience You Can Trust
